

Discover the universe

- Open the app.
- Go to the section “Space”.
- Search “Moon”.
- Click on the 360 VR video “Tour on the moon - Full 360 view on the moon!”
- Click on “Preview on mobile”.
- Plug in your earphones.
- If you want to watch the video in 3D, click on the VR glasses symbol: 
- Place the smartphone in the VR glasses.
- Watch and enjoy!

Repeat the same sequence with the word “Mars” and select the VR video “VR visit to Mars 360 space video”.

Then search “Europa” and select “Jupiter seen from one of its moons”.

Search “Black hole” and select “Enter a black hole” or “Enter the black hole”.

Search “Universe and select “The X-ray universe”.

Fast finishers: clear the search box then select “The hot and energetic universe”.

Let’s go back to Earth! Clear the search box and select “Freefall 4K”.
